Spring 2007

*professional experience:*

September 2009 – Present

Design Intern

*Working Class Studio (WCS), SCAD, Savannah, GA*

A subdivision of SCAD that produces products which merge fine art with function. It provides first hand experience to SCAD students to design and produce real life marketed materials that are sold across the United States and internationally.

Designed notebook covers for Barnes & Noble series, proposed new designs for dinnerware, and designed promotional materials to be sold at SCAD's Ex Libris.

June 2009 – Present

Design Intern

*New Moon of Savannah, Savannah, GA*

New Moon of Savannah promotes social and environmental awareness through art. New Moon is a social venture that focuses on the community where hopefully all efforts lead to social change or promote community awareness.

Redesigned and produced website, designed promotional goods, assisted with events and shows; helped develop and assist with their first annual event Geekend, which was a weekend long event that focused on design and technology through speakers, panels, and participant driven discussions.
